.....We offer a different way to recycle.....

At Nsat Recycling we offer a great alternative in the collection and Recycling of waste cable & copper eliminating the hassle of delivering it to your local scrap yard.

We specialise in the collection and recycling of waste cable & copper of all types from household cable, armoured cables, heavy duty cable and data / communications cables and copper tubing which allows us to pay a premium for your material.

Our pick up service is available at your business premises, site or any location that is most convenient for you.

All of our vans are equipped with digital electronic certified scale, where the most accurate weight of your material is guaranteed.

We offer several payment services from bank transfers to company cheques and payment on invoice or you can opt for our unique Recycling Community payment...

Here at Nsat Recycling we take great pride in how we treat our customers and in providing the best service possible.

We invite you to join us as we push forward in the recycling industry to better our planet.
